	Karina Chao – Case Western Reserve University Karina's association with golf began at a very young age. She loves the feeling you get from hitting an amazing shot that compels you to come back to play again. Through golf, she learned to exceed her own expectations and abilities by working harder. Karina, who graduated from West Windsor – Plainsboro High School, will be majoring in Biology, on a pre-med track, and is looking forward to exploring new clubs and activities that Case Western has to offer.
	Jaylynn Czornomor – Montclair State University Jaylynn's association with golf has given her the mindset to work hard and keep a positive attitude. She was captain of her varsity golf team junior and senior year at Passaic County Technical School. Jaylynn hopes to join the golf team at her university. She plans to study Exercise Science. Jaylynn is looking forward to getting acclimated to college and preparing for her future.
	Sharon Diao – The College on New Jersey Sharon played varsity golf all 4-years at West Windsor – Plainsboro High School. She enjoyed playing in team matches and arranging team bonding events. Sharon likes how golf is a mental sport; it tests your confidence, your mental stamina, and your integrity. She is majoring in Economics and for her first semester plans on joining some music ensembles.
	Paige Diecidue – Monmouth University Paige's association with golf began at the age of 5 years old. She attended Smithtown High School West and practices 5 to 6 times a week at her local golf course. The sport has taught her discipline and sportsmanship and feels that these characteristics have helped enhanced her performance in the classroom as well as when establishing relationships with new people. Paige will be majoring in Nursing and will also be a part of the Division 1 Women's Golf Team.

	Juliana Freiberg – SUNY New Paltz Juliana graduated from Ardsley Hight School. Her association with golf began with her internship with the WMGA through the MGA Foundation's "Golf Works" program. The "Golf Works" program provides high school age girls and boys internships to encourage their interest in golf and promote growth as leaders. The experience of working with the WMGA has allowed her to gain experience in a professional setting where she has improved her communication, leadership and time management skills. Juliana will be majoring in Psychology and Sociology and plans to join the school's orchestra group as well as explore other clubs.
	Abigail Haven – Drew University Abigail graduated from Passaic County Technical Institute. Her association with golf began at a young age when she started playing competitively and participating in various state and national competitions. Golf taught her to keep calm under pressure, be patient and figure out the best way around a problem. As an avid writer and music-lover, she looks forward to being part of the student run radio broadcast and hopes to combine her talent for music, entertainment, and education into a short radio show that she can take pride in. Abigail will be studying Communication and Media and Fine Arts.
	Amanda Ivatorov – Yale University Amanda graduated from New Explorations into Science, Technology, and Math (NEST+M). She has helped her community by creating a new program for the First Tee of Brooklyn at the Brooklyn Golf Center, introducing golf to minorities and women who would not have learned golf otherwise. Amanda will be majoring in Neuroscience, pre-med track, and is excited to give back to the golf community by mentoring younger golfers on golf skills and academics.

	Martha Kemp-Neilson – Ithaca College Martha graduated from New Rochelle High School. Through her association with golf, she learned the importance of getting out of her comfort zone and meeting new opportunities head on. She was introduced to golf through the First Tee of NY, starting around age 6 along with two of her cousins. Martha will be studying Mathematics and Finance and will also be on the Track team at Ithaca for pole vault.
	Kathryn-Alexa Kennedy – Princeton University Kathryn graduated from Mahopac High School and played four years of varsity golf. Golf has taught her patience, self – empowerment, and confidence. She has spent her summers volunteering at her golf course teaching young children how to play golf. Kathryn will be studying Chemical and Biological Engineering. She plans on joining the running club, and perhaps, the Society of Women Engineers. Kathryn hopes to be in a position one day to be able to give back to her community.
	Alisha Suthar – SUNY at Buffalo Alisha graduated from Longwood High School and played on the varsity golf team all 4-years. She was introduced to golf by her father. Golf has taught her to be honest with herself and have patience, discipline, and most importantly enjoy yourself while you play and learn. She said she would never have made it this far without this sport. Alisha will be studying Biomedical Science and will be participating in the pre-med club. She is very excited to start school and see all the other clubs they have to offer.
	Brianna Watts – Northeastern University Brianna graduated Passaic County Technical Institute. Her association with golf began in her sophomore year when she joined the junior varsity team. Golf created a new world for Brianna to explore and helped her grow as an athlete and as a human being. Brianna will be studying Bioengineering and plans on joining the women's engineers, engineers without borders, and is considering joining the pep band. She is most excited about attending Northeastern hockey games.
